MOVIE SCREENING!

Alison's Choice is a feature-length movie about a young girl who turns to abortion when she discovers she is pregnant by a dead-beat boyfriend. There in the clinic, as she waits for her name to be called, she encounters a cast of extraordinary characters; a flamboyant counselor, a suburban mom, a heart-weary receptionist, an inner city counterpart ... and a gentle-faced janitor who pleads for the life of her child.

Alison's Choice shows how hope can shine in the darkest of places.
